WORK EXPERIENCE

Klockargårdens school, Lidingö, Sweden

August 2013 – December 2014

Employed as a student assistant for four students in third grade. The work consisted of stimulating the students' learning process during school hours by answering their questions and supporting them to behave in the classroom. Also worked with the students after school hours. Worked full-time during the first year and half-time during the fall of 2014.

Husarö, Sweden

Summer job 2009 -

Employed as a youth leader at an outdoor confirmation camp with 40 participating teenagers in the archipelago outside of Stockholm. The work consists of being a role model, helping the 15-year olds develop and focusing on improving the group dynamic and how they interact in the group. Every day has to be planned carefully. The work has a lot of variety, from planning a full day of activities to making dinner for 50 people.
